

DUAL MEMORY AUTO-INFLATE Blood Pressure Monitor UA-774

Fast. Easy. Accurate.

A complete blood pressure kit for the entire family – a great value!

Keeping track of blood pressure readings for the entire family can now be done with just one monitor. The UA-774 Dual Memory Auto-Inflate blood pressure monitor provides individual and average blood pressure readings for two. A guest mode is also included for others to obtain their readings. Included with this monitor are two cuffs (medium and large) and an AC Adapter.

This unique monitor is equipped with two start buttons - one for each user - and each button can store up to 30 readings for a total of 60 measurements. The monitor also features A&D's unique Irregular Heartbeat Feature which provides blood pressure and pulse rate readings even when an irregular heartbeat occurs, making this an ideal kit for the entire family.

- Modern, illuminated display
- Offers great value to customer
- Irregular Heartbeat Detection
- Large-print trilingual instruction guide with illustrations and quick start card in English, French and Spanish
- Four week blood pressure logbook

For questions about LifeSource monitors, call our toll free LifeSource Health Line at 1-800-726-3364 and a specially trained representative will assist you, or visit us at www.LifeSourceOnline.com.

- Ideal for one or more people
- 60 Memory Recall
- Provides average blood pressure readings
- AC Adapter included
- Two cuffs included (Medium and Large)
- Latex free

UA-774 Dual Memory Auto-Inflate

To obtain an accurate reading, it is important to use the correct cuff size. A cuff that is too small will result in a higher than expected reading and a cuff that is too large will result in a lower than expected reading. The UA-774 Dual Memory Auto-Inflate unit includes two different cuff sizes to accommodate your customers' needs.

	PART NUMBER	UPC NUMBER	CUFF SIZE	MEASUREMENTS
UNITED STATES AND CANADA	UA-774AC	0-93764-60108-8	Medium	9.4-14.2" (24-36cm)
			Large	14.2-17.7" (36-45cm)

Each unit comes with a trilingual instruction manual, quick start card, and four week blood pressure logbook.

Accessories

	PART NUMBER	UPC NUMBER	CUFF SIZE
UNITED STATES AND CANADA	UA-279	0-93764-01154-2	Small: 9.4 - 14.2" (24-36cm)
	UA-280	0-93764-04607-0	Medium: 9.4" - 14.2" (24-36cm)

	TB:181C or TB:233	NA	AC Power Adapter

Technical Specifications

Dimensions	4.3" (l) x 5.8" (w) x 2.5" (h) (110 mm x 147 mm x 64 mm)
Weight	10.6 oz. (300 g) without batteries
Display	Digital character height: 16 mm (blood pressure), 10 mm (pulse rate) Pressure and pulse displayed simultaneously
Memory	60 readings (30 for each start button)
Pressurization	Automatic, using micropump
Deflation	Automatic exhaust
Type	Oscillometric
Accuracy	Pressure: ± 3 mmHg or $\pm 2\%$, whichever is greater; Pulse: $\pm 5\%$
Pressure Range	20 mmHg to 280 mmHg; Pulse: 40 to 200 pulses/minute
Power Source	Four type AA alkaline batteries (1.5 volt) or AC Power Adapter (TB:181). Batteries not included.
Battery Life	Approx. six months with one daily measurement
Operating Environ.	50° to 104° F (10° to 40° C)
Storage Environ.	14° to 140° F (-10° to 60° C)

Blood pressure measurements determined with this device are equivalent to those obtained by a trained observer using the cuff/stethoscope auscultation method within the limits prescribed by the American National Standards Institute (ANSI/AAMI SP10) for electronic sphygmomanometers. Manufactured by an ISO 9001 and ISO 13485 registered company. Engineered in Japan. Made in China.
